Noteworthy News

1. Tax revenue activities displayed in these schedules are not distributed among the recently adopted USSGL accounts intended to segregate tax revenue activity by tax type (Individual, Corporate, Unemployment, Excise, Estate and Gift, and Customs). According to FMS, the recent additions were intended to provide tax collection entities with detail tax revenue accounts that would directly correspond with tax category information reported by the collecting entity (i.e. IRS) on the Statement of Custodial Activity. Because the TFMB managed funds are not considered the collecting entity for tax revenues deposited into the trust funds, and the recent account additions do not impact the representation of tax revenue transactions on other financial statements, TFMB will continue to report such activities as tax revenue collections / refunds not otherwise classified.
